Special Needs Discovery

- Can you tell me more about your child's needs? What is their diagnosis?

- Do they have an IEP?
- Do you have a Psycho-educational Assessment?
- Can you please provide us with these reports via email to mathplustutors@gmail.com? We will use them to complete our pre-tutoring assessment and to develop a session plan and scheduling recommendation

If there is no IEP **AND** Psycho-educational Assessment,

*"We can complete our own internal assessment to create a learning plan for the student. **The fee for this service is \$75. This includes 1 hr testing time with the student at our centre - where the student completes a series of tests and activities,** - We also ask that the parent/guardian provide any documentation or information available regarding the child's performance, abilities, and needs."*

- What school does the student attend?

- Does the student have an EA (educational assistant)?

- Does the student use any tools or aids (in the classroom, day-to-day)?

- What are your goals or expectations for these sessions?

- How often would you like them to come in?

Once we've reviewed the IEP/Psycho-educational Reports, we will follow up with you to recommend a learning plan & to schedule the bookings.

In the meantime, we will send you our Service Agreement and FAQs to review. We do require a deposit to secure bookings. The deposit goes against the first 4 sessions.

This deposit can be paid via e-transfer or in-person via debit, credit, cash, or cheque. Please note that credit card payments are subject to a 3.3% service charge.
