

Time Travelers Camp

July 7 - 11, 2025

As the world continues to evolve, time is just about the only thing that continues to keep a steady pace. 100 years ago, the world was a much different place with all sorts of customs and trends. A 100 years from now, the world will be evolving once more. This week will be centered around travelling through time, seeing the world from the past and the future!

Themed day activities include individual and group ventures, hands-on activities, outdoor pursuits, interactive games and much more

Register today, limited spots available!

Art Camp

July 14 - 18, 2025

Have you ever looked at a painting without knowing what the elements of art are? Did it just look like a picture to you? Without the knowledge of these tools, we are not able to go deeper into the underlying structure of visual composition; in other words, the art elements will provide a context from which we can understand the artwork. It is almost like learning a language and each element of art combines to form the visual "sentence".

In this camp you will learn about the elements of art, and study different art styles. The fun part comes when you create your own master pieces!

Math Camp

July 28 - Aug 1, 2025

We believe in the power of play to spark imagination and develop critical thinking. This math camp is provided to you with the generous contribution from the Canadian Mathematical Society (CMS) for its third year. It will give you a practical feeling of math in a hands-on way. You will get to see math concepts in a lively manner as practiced in everyday life. Playing games and facing challenges will definitely give your brain a much needed exercise!

Whether you are a math wiz or needing help with math, this camp will give each camper something new to learn, enjoy, and take with them on their learning journey!

Pirates Camp

July 21 - 25, 2025

Ahoy Mateys! What is more enticing, swashbuckling, and downright cooler than pirates? Maybe cookies? Nah! This week is fairly straightforward, and seeing as it is the second last week of MPT's day camps, we want to make sure it's one to remember! So sharpen your seaman skills and prepare your spy glasses; we're boarding this pirate ship

This camp is filled with outdoor activities, treasure hunt pursuits, and many pirate games. Oh well .. We don't want to spoil the fun. So let your imagination take flight and join us for a memorable camp. You won't be disappointed!
